Refuses to Marry Father of Her Two Children

Miss Frances Anzengruber, of San Francisco, who for conscientious reasons refused to marry the father of her two children. She says she no longer loves him and marriage to him would be a mockery and would bring only hatred. Her children are Stephen, aged seven, and Helen, aged five. When a Judge suggested that she marry the man—he is John Furch—and Furch himself pleaded with her in court, she said she had asked him to keep his promise often enough, but now was through with him and, self-supporting, was holding up her head for the first time in nine years.

DE VALERA STAYS OUT OF PARLEY

DUBLIN, Sept. 14.—Eamonn de Valera will not be a member of the Irish delegation to the peace conference at Iverness, it was stated officially today.

Arthur Griffith, founder of the Sinn Fein, will head the new delegation that will discuss terms with Premier Lloyd George.

Dail Eireann met here to discuss the latest peace developments and to choose the personnel of the Sinn Fein delegation.

After the session a statement was given out saying that the Sinn Fein parliamentarians had approved the following delegation:

Arthur Griffith, chairman; Michael Collins, commander-in-chief of the Irish republican army; Robert C. Barton, E. Duggan and Gaven Duffy.

It was obvious that some sort of hitch had occurred in the negotiations when Dail Eireann assembled, but it was impossible to say how serious it was. There was a tense atmosphere when the parliamentarians met.

Despatches from London received before the parliamentarians met indicated that Premier Lloyd George was taking a firm stand upon the condition that the Sinn Feinners must pledge allegiance to the King as a basis for the peace parley.

Fox Squirrel Causes Power To Shut Off

A large gray squirrel flirting with the wires of the Lorain County Electric Co., was quickly electrocuted last night about seven o'clock and caused the incandescent lights in this city to suddenly go out when the automatic switch at the power station dropped.

The cause of the light failure was quickly located and the current was soon turned on. The trouble occurred near Oberlin, and the cause was reported by a farmer who lived near by. Mr. Squirrel was found with his body across the wires, and it was burned almost to a crisp.

EIGHTEEN RAIL MEN INJURED IN CRASH

STEUBENVILLE, Sept. 14—Eighteen men, members of a track crew of the Pittsburgh & West Virginia railroad were injured, six seriously, early today, when a motor handcar and two trailers on which they were riding struck a stalled freight two miles west of Mino Junction. The men operating the motor car were unable to see the train due to a heavy fog. The impact hurled the men from the trailers and demolished the motor car and trailers.

PLAN RELIEF FOR JOBLESS

COLUMBUS, Sept. 14.—A plan designed to help relieve Ohio's unemployment situation was announced today by Governor Davis. It provides for the adoption of a system of pro-rating state work, requiring unskilled workmen, among those workers now idle.

Preference is to be given unemployed married men who have families to support. They will replace single men now working, if necessary. Distribution of employment will be made every two weeks. This plan will permit a complete turnover of unskilled labor, provided there ars enough applicants.

"In carrying out this policy, it will be the purpose of the state administration to give preference to married men with families, since their needs will be the most urgent from every stand-point," said Governor Davis.

The governor stated that, when present contracts are completed, the number of unskilled workers in the employ of the state on highway construction work will be reduced to about 5,000 from 15,000.

State Director of Industrial Relations Tetlow, through the State Free Employment Bureaus, operating in Ohio's seven largest cities, will direct the work of finding employment for the idle workers.

MRS. ARBUCKLE GOES TO AID OF HUSBAND

NEW YORK, Sept. 14.—Mrs. Roscoe Arbuckle, wife of the film comedian, indicted on a charge of manslaughter in San Francisco, left today on the Twentieth Century Limited to go to her husband's aid. She was accompanied by her mother, Mrs. Flora Durfee.

Mrs. Arbuckle, who said she was "thoroughly convinced" of her husband's innocence, declared it will be only a short time before everything will be cleared up.

MRS KABER PLANNED ESCAPE

MARYSVILLE O., Sept. 14.—In solitary confinement in the Marysville reformatory for women here today Mrs. Katherine Kaber, serving a life sentence for murdering her husband, Daniel Kaber, wealthy Cleveland publisher, is reflecting upon her unsuccessful attempt to be liberated from that institution.

Mrs. Louise Mittendorf, matron of the institution, announced the discovery that Mrs. Kaber had smuggled out of the reformatory, by means of the sewing room matron, two letters in which she urged that she be liberated from the institution, even though Mrs. Mittendorf had to be killed in order to accomplish Mrs. Kaber's freedom; in order that she might attend the coming trial of her daughter, Marian, at Cleveland, and also offering to furnish a motion picture company $50,000 for the story of her life.

It was last Saturday, Mrs. Mittendorf stated today, that she learned that the letters had been smuggled out of the reformatory.

The sewing room matron was summarily dismissed. Because she is a widow and has a child dependent upon her for support, Mrs. Mittendorf declined to disclose her identity.

Within less than 45 minutes after making the startling discovery, Mrs. Mittendorf ordered Mrs. Kaber placed in solitary confinement for an indefinite period.

The discovery was made by Mrs. Mittendorf when a letter to Mrs. Kaber from her daughter, Marian was intercepted by reformatory officials

MAKE ARRESTS IN INDIANA DISORDERS

TERRE HAUTE, Ind., Sept. 14.—Disorders broke out again today in the Jasonville coal field, according to word received here. Renewal of disturbances which stirred the southwestern Indiana mine fields a few weeks ago resulted today in the chasing from his home by 200 men of James Getherman, mine boss, at Queen mine No. 3, according to these advices.

INDIANAPOLIS, Sept. 14.—Twenty warrants for the arrest of ring-leaders of the disturbance in the Jasonville coal field were placed in the hands of the sheriff of Green county today and six arrests were made during the morning, according to word received by Governor McCray today. No details of the disorders were received at the governor's office.

FIGURES IN TRAGEDY

Miss Virginia Rappe, motion picture actress, who died in San Francisco, after a "booze party" in a hotel suite. Roscoe Arbuckle, screen comedian, who is also shown here, is held by the police on charge of manslaughter.

Arbuckle Says Party Had No Liquor

SAN FRANCISCO, Sept. 14.—The party given by "Fatty" Arbuckle at the St. Francis hotel at which booze was reported to have flowed freely, was a "dry" one—take the word of "Fatty" himself or that.

Brought before Prohibition Director E. Forrest Mitchell to explain the source of liquor, Arbuckle refused to talk.

He was confronted with two empty bottles found in his room after the party and was asked as to where they came from.

"May I smoke" asked "Fatty" after a long silence.

He smoked but did not talk.

Finally he reached the end of his endurance and said: "There wasn't any liquor."

This ended the quiz.

MURDERER OF THREE POLICEMEN ENDS LIFE

HIBBING, Minn., Sept. 14.—John Webb, who shot and killed three Hibbing police officers here last Thursday while resisting arrest, and for whom a search by 100 national guardsmen and deputies has been in progress since his escape, shot and killed himself in a shack one mile east of here early today when cornered by deputies.

Webb was charged with an offense involving his 13-year-old daughter.

CURRAN OPPOSES HYLAN

NEW YORK, Sept. 14—Henry C. Curran, who won the Republican nomination for mayor on the Fusion ticket, will oppose John F. Hylan, present Democratic mayor, who was re-nominated without opposition at the city election this fall. Curran polled as many votes as his three opponents, F. H. La Guardia, R. L. Haskel and W. M. Bennett.

FREE SHOWS APPRECIATED

The public certainly appreciated the generous offer of Manager Owen Bannon to admit free to Dreamland theater any person, who desired to see the show this afternoon.

A large crowd stormed the theater, and capacity house was the rule up to closing time. The show was not a cheap one, but up-to-date films were shown and a good entertainment was given. Many people who are unable to attend the shows on account of being out of work, were accommodated. The same privilege will be extended tomorrow afternoon.

U. S. JUDGE SELECTED BY LEAGUE

GENEVA, Sept. 14—The United States will have at least one judge upon the bench of the international court of justice and arbitration. He is John Bassett Moore, of New York, an authority on international law and a consultant of the American State Department.

The assembly on the first ballot selected the following:

Senor Altemira, of Spain; Alejandro Alvarez, of Chile; Signor Anzilotti, of Italy; Senor Barbosa, of Brazil; Senor De Bustamente, of Cuba; Lord Finlay, of England; Dr. Loder (correct) of Holland; Dr. Oda, of Japan and Professor Weiss of France.

John Bassett Moore of the United States was selected by the assembly on the second ballot. The third and fourth ballots failed to give a majority for the assembly's eleventh choice, so the members adjourned for lunch.

The detailed procedure of the balloting was as follows:

Those receiving on the first ballot a majority of votes were declared elected. On the following ballots the lists of the council and assembly were compared and the candidates appearing on both with requisite number of votes were declared elected. In case the two lists did not agree, it was agreed

U. S. INFLUENCE MAY END DISPUTE OVER SHANTU..

WASHINGTON, Sept. 14.—Despite the strenuous efforts which Japan is making to settle as many as possible of the vexing problems of the Pacific and Far-East in advance of the November conference, it appeared certain today that the meeting in Washington will be called upon to settle most, if not all of them.

The cold shoulder which China has turned toward Japan's Shantung proposal has made it very certain there will be no settlement of this issue prior to November 11, and that Shantung, with all its potentialities of trouble, will have to be taken up when the powers meet in Washington.

through the grounds at night, but that the board had refused on the ground that they had no money, but that in less than two months they had bought an athletic field in the outskirts of the city, and had paid a large sum for it.

Approved Board's Move

Mrs. S. H. Squire, former member of the board of education spoke in favor of the Roosevelt building, and said she believed a mistake was made in not closer watching the foreign district. The district was bound to be built up with factories and homes would be built there, and she advocated the best type of building for that section. We should, and do spend for our children, more than we do on ourselves, and the foreign settlement children of today will be the American children of tomorrow.

Superintendent Shelton was called on and stated that Mr. Crisp had been misinformed as to where the money came from to purchase the athletic field. The property cost $7,500 and $2,500 had already been paid by past graduates and the Athletic Association, and that if necessary he believed they would pay the balance. He stated that there were now 312 children of school age at Western Heights and that the proposed eleven room building there would all be occupied except one room. During the past week he had had a survey made of the district which showed there were 209 dwellings, 12 business blocks, factories, churches, and 250 vacant lots. If the factory district built up further, it would mean more dwellings and a larger population. He told of the growth of the schools in the past six years of over one thousand pupils and the last two years of 400. At that rate a new grade building would be needed every two years. The old Lake avenue building had been condemned by the State, and that would cause the new building to be filled up at once.

Mr. Crisp was again allowed to speak and at once began asking questions as to the cost of the various buildings that have been built by the city.

Protests Methods

At this point Mr. Stevens made his protest, and said he for one, would not stand for Mr. Crisp's methods. "I know Fauver and I know Crisp, and I know what they are here for. I don't propose they shall get any ammunition from me to start law suits with. I am speaking for myself, and the rest of the board can do as they please" After making the statement to Mr. Crisp at the head of this article, he then made a plea for the children of Western Heights, and said that the board as well as himself thought they should have as good advantages as any other part of the city, and that the building to be erected should be as good as any in the city.

A woman in the audience arose and said she had no children, but could see no difference between the children of Eastern Heights and Western Heights or "Hunkeytown," and that she was willing they should all have an equal chance.

Mr. H. M. Ebert told of the growth of the city, and said that when other schools had been built here it had always been claimed by some that the growth of the city didn't demand them, but that the city had kept up with the building program and that it was good policy to build for the future.

Attorney L. B. Fauver arose and stated that his interest in the meeting was a professional one only, although he was a friend of the schools. He said that the meeting should determine whether a $250,000 building was justified at Western Heights. He was surprised that after the statement in the paper that the board would be prepared to answer all questions that they were unable to do so. "We are here to get facts, and not for the purpose of a law suit," he declared. "When a taxpayer asks for information and the board refuses to give it to him, it is time to adjourn."

Asks For Fairness

T. T. Robinson, a member of the board arose and said that it was not fair to the board to ask questions regarding the cost of buildings that were built long before he was a member of the board, for he did not know, and thought an effort was being made "to make a monkey out of the board."

Mr. Stevens said, "If this is a political meeting, lets have it out. Mr. Crisp has put up two men to run for members of the board of education, and we will fight that issue out at the polls. The Roosevelt building will not cost $250,000 but $193,000. If the real estate interests of this city are trying to run things we want to know it." Mr. Stevens said the time was past when cheap buildings could be put up, as the State regulations were such that it cost much more than formerly. He himself was in favor of a building with a scuid that would be an inspiration to those who attended it.

Mr. Moise asked as to the cost per cubic foot of the Ely building and was informed that it was 45c. Architect Silsbee stated that the bids on the Roosevelt building amounted to 30c per foot, and the addition to the technical high school at 31c.

George Snyder, of the Willys-Overland, spoke and said that from his experience in building at the plant, the school figures were low. If there was an argument for the construction of the Ely building there was now an argument for the Roosevelt building. He believed that Mr. Crisp should be allowed to ask any question he desired, in order to arrive at some conclusion.

More Expensive Now

Mr. Crehore again called attention to the requirements of the State, saying that it cost more to build now than years ago. The Roosevelt building could be cheapened by taking off some of the trimmings that would cheapen its looks, and that possibly $8,000 could be saved in that way, but he thought it should not be done.

CLEVELANDER KILLED UNDER FREIGHT TRAIN

LORAIN, Sept. 14.—George Erben, 17, of 3635 Socket avenue, Cleveland, was killed late yesterday afternoon, by falling under a freight train he was attempting to board.

The young man had come to Lorain with two companions, and after spending the day here the party started to go back. As the train came along his companions got aboard and as he followed he slipped and fell under the wheels. He was instantly killed and his body was badly mangled. His parents came to Lorain this morning and arranged to have the body shipped to Cleveland.

CLEVELAND GAS RATE INCREASED

CLEVELAND, Sept. 14.—A sliding scale for natural gas beginning at 45 cents and ending at 75 cents per thousand was authorized by the court of appeals when the appeal of the city against the East Ohio Gas Company was heard.

"The present rate is confiscatory," Judge Vickery declared. The company may now collect 45 cents per thousand for the first 10,000 feet, 55 cents for the second 10,000, and 75 cents per thousand for all in excess of that quantity."

Rev. Kallassy, of Western Hts. spoke briefly, and said the need of a good school was felt by his people and that their one ambition was to be a true American. The school was where ideals were taught, and the Western Heights children and the men and women who would also use the building, especially at night would be taught Americanism.

Mr. Crisp then arose and said that he had been made the victim of a personal attack that was uncalled for. He emphatically denied that he had said anything against Mr. Stevens or any other member of the board, and that he was only trying to prevent the misuse of public funds.

T. C. Conway was present, and said he came because of all sorts of rumors he had heard. He thought it was a great mistake to curb Mr. Crisp as he might want to ask questions regarding those rumors. Mr. Conway had heard that Architect Silsbee had been paid $70,000 for fees on one building, and $40,000 fees on another and that the reports should be investigated.

"Could Save $100,000"

Mr. Fauver again deprecated the fact that Mr. Crisp had been attacked and called a liar in a public meeting. He believed the school board had made a mistake in putting the Ely building on Gulf street, and that if the erection of the building had been deferred until now $100,000 could have been saved. It was most unfortunate that Mr Crisp had been treated the way he was, and it reflected on the board.

Judge Conway then moved that it was the sense of the meeting that Mr. Crisp be allowed to ask any question he desired. This motion was seconded by Mrs. F. M. Stevens, and was put and carried by those present.

Mr. Crisp then arose and said he wanted to know who was going to answer his question. The board had acknowledged that they not know what he wanted to know, and that so far as he was concerned he was through.

Mr. Stevens said that at the conference when the two cases in court were dropped it was agreed that the cost of the two proposed buildings should be discussed at a public meeting. If Crisp and Fauver had wanted information regarding other buildings they could have got them at Clerk Rockwood's office. "We said we would hear your argument, and then determine the question," he said; "and we still stand ready to do so."

Mr. Hurst stated that he thought if questions were asked as to the expenditure of the last million dollar bond issue the board could answer them.

Leaves Meeting

Mr. Crisp had nothing more to say, and with Mr. Fauver, withdrew from the meeting in disgust.

After he had gone Major Guthry asked as to the charge that had been circulated as to Mr. Silsbee's fees as architect.

Mr. Stevens replied that Mr. Silsbee had agreed to do all the work at an agreed fee of 4.6 per cent of the contract price which would amount to about $46,000. In addition he was to pay for the heating engineer and the sanitation engineer, and was to have a superintendent on the job four hours daily.

Asked regarding the cloud on the title of the land on Western Heights, he replied that the board had a clear title to all but fifty feet, that they had bought to make the property wider. When they bought it they accepted an abstract with a sworn certificate that the property was clear from incumbrance, but the Lorain County Title & Mortgage Co., had failed to detect the fact that Elmer Nyrges had not signed off on the property, and through no fault of their own it now stood that way. However, the board had plenty of land and would not build on the part that had a cloud on it.

He also said that the report that the overhead connection between the Technical high school and the building east of it cost [illegible] instead of $30,000 as was currently reported.

The meeting then adjourned after being in session over two hours.

DECISION IN INQUEST MAY COME TODAY

SAN FRANCISCO, Sept. 14.—A decision by the coroner's jury on the manner in which Virginia Rappe, film actress, came to her death, was expected late today.

Coroner Leland expected to conclude his searching inquiry into the facts surrounding the sudden illness and death of the girl, responsibility for which Roscoe "Fatty" Arbuckle stands charged.

The verdict of the coroner's jury was awaited with the greatest interest inasmuch as the recommendation it carries will have much weight in the prosecution of the famous comedian.

But two witnesses remained to be heard. They were Alice Blake and Zey Provost, show girls who attended the Arbuckle party at the St. Francis hotel which had a fatal ending.

There was a possibility that one or two witnesses might be recalled to testify. There was also a possibility that Coroner Leland would afford Arbuckle, who has attended all the sessions of the inquest on court order, an opportunity to testify.

This he was expected to refuse in accordance with the policy of silence enforced by his attorneys.

S. A. Ault entered suit today against the Hoffman Heater company for damage due him by the alleged breaking of a contract. The petition states that the plaintiff entered into a contract with the heater company in which he was to receive $4,500 for his services as general manager and vice president. Before the year had ended the plaintiff claims that the company asked for his resignation and stopped his pay. Ault demands that his salary be paid for the entire year.

BOND JUMPER IS SUED FOR DIVORCE

Helen Bryan wants to be rid of her husband, Robert Bryan, while, she claims, the Lorain police department are very desirous of getting him. Mrs. Bryan says that when her husband refused to support her that she had him arrested and taken before the municipal court in Lorain. According to the petition, Bryan was released under $600 bail, which he "jumped" to the financial loss of his bondsmen.

A divorce and the custody of one minor child are asked.

agony, has never been connected in any way with any scandalous stories of disgraceful parties before.

She was a quiet, well-behaved, modest girl, they say, intelligent and well enough accustomed to the ways of the world to know what "wild parties" meant.

How did she happen to go to such an orgy and after she got there, when she found out the sort of "party" it was, why didn't she leave the place immediately?

What was a self-respecting, proud, high-hearted girl doing at such a place?

Just exactly what hundreds and perhaps even thousands of other girls are doing, day in and day out, and night in and night out, all over this country.

The old-fashioned rules that protected girls who had not sense enough to protect themselves have all been broken.

Ten years ago the girl who would go to a man's room in a hotel, party or no party, would have thrown away her good name the instant the fact of her visit was known.

Ten years ago any woman who stayed for ten minutes in the room with a crowd of drunken men would have been considered no better and no worse than the men.

Ten years ago women of decent reputation did not frequent the company of men who were known to be shameless and disgusting brutes.

Since the war all this is changed.

All the fences are down; all the rules are "back numbers," and half the girls we meet in the street and see at the theater and know in the homes of our best friends are subjected day after day to dangers of which their mothers never dreamed.

All over the world the situation is nothing less than appalling, and in America it is worse than anywhere else.

Everybody who knows anything about Arbuckle or his kind ought to know what a "party" given by him would mean.

EVENTS LEADING TO ARBUCKLE'S INDICTMENT

SAN FRANCISCO, Sept. 14.—Here the chronological sequence of events leading to the indictment of Roscoe "Fatty" Arbuckle on a charge of manslaughter:

Saturday, Sept. 4—Roscoe Arbuckle arrived at Hotel St. Francis.

Sunday, Sept. 4.—Virginia Rappe, Mrs. R. M. Belmont, and Al Semacher arrived at Palace hotel.

Monday, Sept. 6.—They accepted telephone invitation to party in Arbuckle's room. Drinking. Miss Rappe collapsed after alleged rough treatment by Arbuckle.

Tuesday, Sept. 6.—Roscoe Arbuckle returned to Los Angeles.

Thursday, Sept. 8.—Miss Rappe removed to sanitarium.

Friday, Sept. 9—Miss Rappe died. Mrs. Delmont accuses Arbuckle. Coroner ordered autopsy.

Saturday, Sept. 10.—He returns from Los Angeles, refuses to make statement. Arbuckle arrested on charge of murder.

Monday, Sept. 12.—Inquest opened and District Attorney demanded indictment for murder. Grand jury adjourned without acting.

Tuesday, Sept. 13.—Inquest is resumed. Special grand jury session called. True bill found against Arbuckle charging manslaughter.

expected to be returned in superior court today. Then, it was believed District Brady will be forced to agree to a dismissal of the murder charge. Once this is done, the way will be clear for applications for the comedian's release on bail.

Miss Blake and Miss Prevost are said to have testified before the grand jury that they were in the room in the St. Francis hotel with Miss Rappe and the stricken girl moaned, "I'm dying. I'm dying. He hurt me."

In reply, Arbuckle, they testified, said. "Shut up, you're crazy. I'll throw you out the window."

Miss Blake and Miss Prevost are said to have testified that Arbuckle mistreated Miss Rappe while she was hysterical and crying that she was dying.

Arraignment Tomorrow

Presiding Judge E. P. Shortall of the superior court, is expected to receive the grand jury's return of the indictment Thursday morning at 11 o'clock. Following the customary rule in such cases, he will assign the case to one of the criminal court departments and fix the amount of bail that will be acceptable.

The district attorney is then expected to ask an early arraignment on the manslaughter charge and it was considered probable today that Saturday will be the date fixed for this.

It became known today that an eloquent plea by District Attorney Brady caused the grand jury to reconsider its intention of adjourning last night without action.

Urges Against Farce

He is reported to have concluded this statement to the members of the grand jury with the plea "gentlemen, I strongly urge action tonight. Do not make a farce of this investigation."

Urged for a statement today District Attorney Brady issued the following:

"The grand jury has heard the evidence in the case and brought in its findings. It is not for the district attorney's office to comment on their decision.

"Our function is to present the evidence. Their function is to present the evidence. Their function is to bring a finding.

"We have not yet considered what disposal will be made of the murder charge. It is too serious a matter on which to give an offhand decision, as it presents many complications."

Enlightened on Law

"The indictment against Arbuckle will be formally returned in Superior Judge E. P. Shortall's court tomorrow morning at 11 o'clock.

"Arbuckle cannot be bailed out on the manslaughter charge until the indictment is returned. In any event he cannot be released on bail until the murder charge is disposed of.

"When the jury reconvened for the second time last night, after being dismussed, postponing action at first until next Monday, it is my opinion they were not clear on the points of the law and asked instruction on definitions of the words 'murder' and 'manslaughter.'

"The jury's indictment indicates that they believed Arbuckle killed Miss Rappe. They decided that he should be prosecuted for manslaughter instead of murder."

"Too Bad," Says Lehrman

NEW YORK, Sept. 14—"Can he get out on bail?" was first question asked by Henry Lehrman, fiancee of Virginia Rappe, when informed by the International News Service today that "Fatty" Arbuckle had been indicted on a charge of manslaughter by the San Francisco grand jury.

Upon being informed that bail might be granted, he exclaimed: "That's too bad."

Lehrman declared the story told him over the long distance telephone by Mrs. Bambine Delmont did not agree with the stories of her testimony printed in the morning papers.

"She told me that due to her interest in the general party and the noise she did not hear Miss Rappe's cries until some time after," he said.

According to the published reports Mrs. Delmont told the grand jury that Arbuckle and Miss Rappe were together in the comedian's room for an hour, and after that she heard Miss Rappe scream.

STOCKS

NEW YORK, Sept. 14—The upward movement was resumed at the opening of the stock market today, leading issues showing advances of from fractions to three points. International Paper was in active demand, selling up over 3 points to 53. Baldwin continued urgently taken, gaining one point. Crucible rose 1 1-2 to 65. Steel common showed fractional improvement. Mexican Pete was 1 1-4 higher at 119. The rails also were strong. Northern Pacific selling up 1 point. American Woolen and Studebaker rose 1 point.

Increased strength was shown during the forenoon, many stocks advancing to new high prices for this movement. Coverings for shorts were attempted in many issues.

TEST AUTO DIMMERS ON THURSDAY NIGHT

The police department and the automobile club will co-operate tomorrow evening in testing headlight lens for automobiles. A test will be conducted at the foot of Broad street Thursday to begin as soon as it is dark enough. The services of those in charge will be absolutely free and anyone may have his lights tested. The tests will be held each evening until everyone has been served.

SUES ON NOTES

The Rhinelander Refrigerator company entered suit in common pleas court today against H. R. Freeman for the payment of three promissory notes. The notes are valued at $100, $106 and $109.

DeValera Says

(Continued from Page One)

compromising nature of the Sinn Fein note which was delivered to Premier Lloyd George yesterday at Inverness has put a new obstacle in the way of the Irish peace negotiations, but official circles were confident today it would be overcome.

It was learned from a reliable source that the Premier after reading the communication returned it to the Sinn Fein courier and advised them in the general interests of peace to return the letter to Eamonn de Valera and ask him whether it was possible to revise it.

The note which was taken from Dublin to Inverness by Joseph MacGrath and Harry Boland, was described as the most uncompromising yet sent by the Irish.

The couriers were advised to ask de Valera whether the note represented the Sinn Fein's final word before it is submitted to the British cabinet.

The delay that has been occasioned makes it very certain that the proposed Irish peace conference cannot open on September 20, the date suggested by Premier Lloyd George, unless exceptional speed is made in the future negotiations.

The text of the note was not made public, but it was understood from unofficial sources that it accepted the offer of a peace conference on the ground that no conditions at all were attached.

$71,744 HELD RECOVERABLE AT BARBERTON

COLUMBUS, Sept. 14.—Findings for recovery amounting to $71,744.58 are contained in a report, made public here today by State Auditor Tracy, relative to an examination of the records of city officials at Barberton, Summit county. The report covers the period from October 16, 1918, to May 18, 1921.

Of the total findings, $68,385 represents fines alleged due the Summit county treasury from the Barberton city treasury. These fines are said to have been assessed by Mayor S. A. Decker in connection with prosecutions of violators of state laws.

Mayor Decker, also, according to the report, owes the city $1,251.14 representing fees alleged to have been collected in state, or ordinance fees.

Former Mayor Bishop, the report claims, owes the city $95, representing license fees.

In connection with construction of sewers in Tuscarawas and Wolf Creek valley the former firm of Hoag & Dall, it is alleged in the report, received $579.20 over-payment. These men are asked to return this money to the city.

The other findings, contained in the report, are based principally upon allegations of excess salary payments and improper retention of fines and fees.

A Banking Service for Foreign Trade

A VIEW ON THE CONGO RIVER, SHOWING ONE OF THE RICH REGIONS OF AFRICA. THIS CONTINENT LIKE OTHER FOREIGN FIELDS OFFERS GREAT TRADE OPPORTUNITIES TO AMERICA

A SECTION OF NEW YORK'S FINANCIAL CENTER, HOME OF OUR BIG INTERNATIONAL BANKING INSTITUTIONS, ESSENTIAL FACTORS IN OUR FOREIGN TRADE

By FRANCIS H. SISSON,
Vice President Guaranty Trust Company of New York.

TODAY, there are probably 20,000 firms or merchants or manufacturers in the United States that have a direct interest in our international trade relations. Furthermore, the passage of the Federal Reserve Act, under the terms of which American banks could establish branches abroad, has led to a vast extension of our direct foreign financial interests, and there are now branches of our banks in a score of foreign countries. Our export trade and our merchant marine have both grown to great proportions and, today, the current political and economic conditions in other countries have a very real relation to the welfare of our country, and innumerable puzzling questions about trade and finance are arising daily to which answers are sought. It is especially important that every phase of trade and financial development abroad should be reported promptly to those responsible for the conduct of the great international banks.

In order to solve the problem of obtaining this information day by day, many of these institutions have found it necessary to organize especially equipped service branches charged with this task.

A typical example of the development of this branch of banking service is the Foreign Trade Bureau of a large trust company, and the range of its activities discloses plainly the character and scope of the present demand by the banks and the public for accurate and up-to-date service in this field. This bureau draws on the valuable sources of information available to it in every country, through the branches and banking correspondents of the trust company itself, whose direct relations are world-wide in extent. It receives a flood of material from official publications of foreign countries, from our own government and from foreign daily and weekly journals, magazines, reports of foreign trade organizations, and from American Chambers of Commerce in commercial centers overseas. It maintains close relations with foreign consular officers stationed in New York and with merchants trading in export and import commodities of every class and with every market. Strangers from foreign countries are constantly visiting the office, each contributing his quota of specific news or point of view about conditions in his home country.

As scores of foreign papers and documents are currently studied, the research assistants employed in the bureau must, of course, be able to read eight or ten languages.

In the background of this work there is a richly equipped commercial library and there are also elaborate files packed with records of every sort that might at any time contribute to accurate judgment of conditions abroad. These records are classified by country or city, by commodities entering into foreign trade, by firm names of possible buyers or sellers of any class of products and in any trade center at home or abroad. They include copies of foreign tariffs and trade and banking laws, information on commercial and banking practices, credit terms, facts about transportation and innumerable details about industries and agricultural development in every part of the world.

Every fortnight, also, a carefully edited compilation of specific and practical foreign trade facts, chosen from the great volume of material that has passed under the eyes of the research assistants of the bureau, is published in a convenient bulletin and distributed to an extensive mailing list. This places at the service of a large number of merchants and manufacturers the benefit of the careful survey of the world conditions that has been made from day to day by the corps of trained observers, a service that few private firms would find it practicable or possible to establish.

Another branch of foreign trade service that contributes materially to the value of the bank's foreign trade promotion work is the Foreign Credit Division in which information as to the financial standing of purchasers abroad is currently compiled. An increasing interest in the possibilities of giving credit in foreign countries is to be noted as a result of the present exchange condition and the desire of many American exporters to create good will through the granting of reasonable amounts of credit to worthy foreign customers.

The aid and stimulation that such service may give to foreign trade is obvious. It is but another step forward in the constantly extending specialization of banking organization, which is forced upon the larger institutions in this field. Its value is plainly shown by the number of inquiries which come from other banks throughout the country to which manufacturers and merchants apply for information about the factors in export trade with which they are not familiar. It is possible on a large scale naturally only to organizations with connections all over the world, but it is typical of the readiness of our great corporations to meet the requirements of any situation with vision and resourcefulness.

These things were done in part by the Foundation, but chiefly through its departmental agencies —the International Health Board, the China Medical Board and the Division of Medical Education.

Great progress is reported in the campaigns against disease, especially in malaria and hookworm districts.

High tribute is paid to the work of the late General Gorgas, who died in the service of the Foundation while on a mission to the West Coast of Africa to study yellow fever.

The Foundation announces that it will in 1921 continue its previous policies.

...of a Wife

...Left Grace Draper in Charge.

"He's lost! And I'm to blame," I knew that she was thinking of the jealousy which had impelled her to ask him for "Dandie's drawing."

It was Grace Draper who caught her as she fell and eased her to a reclining position upon the couch hammock. But I had no time to give her. I caught Katie, who was still wildly calling the baby, and shook her into attention.

"Where's Jim?" I demanded.

"Out fixin' chicken coop," she returned. "But, oh, Missis Graham, is dot baboo—"

"Shut up!" I snarled, primitively, knowing there was but one way to deal with Katie in an emergency. "If you want to help find Junior, get Jim here on the run. Ask him if he has seen the baby."

Where Is Dicky?

She ran down the steps and skimmed over the ground like a swift-winged bird. I rushed to an emergency cupboard which I always install in every house in which I live, snatched a powerful restorative, and, returning, thrust it into Grace Draper's hands.

"Put this to her nostrils," I directed, "and when she revives give her these drops."

I took the small bottle of heart restorative from Mother Graham's handbag, laid it on the table with a spoon, set the water bottle and a glass nearer. Then, having grudged every second, I rushed to the barn and brought my car out, blessing the fact that I had learned to drive, and was thus able to summon help quickly. I needed men to start a systematic search of the woods, and knew that the Ticer house held efficient aid.

Jim came running to the car as I backed it out of the barn, his honest face full of concern.

"I haven't seen the little chap for two hours, Mrs. Graham," he said, and I noted the tremor in his voice which betrayed how serious he thought the child's mysterious disappearance.

"I'm going for the Ticers to get men to search the woodland, Jim," I said feverishly. "Will you and Katie go at once over every inch of all the buildings, any place where he might have crawled in and gone to sleep—you never can tell what a child might think of, so that when the men get here we will know just where to start. And look after Mother Graham."

"I'll attend to everything," he said earnestly, then hesitatingly, as I put my foot on the clutch, "Mr. Graham, where is he, does he know?"

The question was like a blow from a bludgeon.

Where, indeed, was Dicky?

COLONEL GEORGE HAM, THE MARK TWAIN OF CANADA

I HAVE SOMETHING THAT WILL KILL ANY INDIAN."

Fifteen years ago if any one had taken a vote as to who was the best known American, the answer would probably have been "Mark Twain." Today if any one were to take a vote as to who is the best known Canadian, the answer would probably be "Colonel George Ham," and for the same reason, namely, that each in his time has been greatest laughter maker of his native country.

In his ordinary conversation he has a ripple of quaint phrase and amusing story, that make him unforgettable even to chance acquaintances. Repartee comes to him like second nature. Sir Wilfrid Laurier, Canada's most famous Premier, thought to play a joke once upon Colonel Ham. "George," he said, "the Cabinet in Council has decided to appoint you Admiral in Chief of the Canadian Navy."

"Thank you," said Colonel Ham, like a flash, "but if it's all the same to you I'd rather be watchman at the Mint for one night." Mark Twain had the advantage in securing world-wide recognition as a humorist through his books, for the Canadian has hitherto reached his audiences only by word of mouth. At last, Colonel Ham has been persuaded to publish a book—"Reminiscences of a Raconteur"—sixty years of amusing recollections. In this volume he re-tells many of the stories that have made him famous, weaving these into a record of Canadian life of the last sixty years, which will be invaluable to the future historian. Col. Ham was the first Canadian war correspondent, seeing service in both the Louis Riel Rebellions. He was Editor of the Manitoba Free Press until Van Horne commandeered him for the Canadian Pacific Railway.

In his racy account of the wars with the half-breeds and Indians in the Northwest, he tells how as a reporter he visited Red Crow, Chief of the Bloods, for information about the intended uprising of the Indians who were charged with the proposed slaughter of all the whites in the Northwest. "And if you believe this," said Red Crow, "how dare you come without a gun to defend yourself?" Col. Ham nonchalantly replied, putting his hand over his upper vest pocket: "Oh, I have something here that will kill any Indian I ever met." Whereupon he produced a lead pencil. The whole tribe laughed heartily when this was interpreted to them, and Col. Ham was henceforth known to the Bloods as the "Man With a Lead Pencil."

"TURN OF THE ROAD IN SIGHT," SAYS DIRECTOR OF WAR FINANCE CORPORATION

The turn of the road in American business is in sight, says Eugene Meyer, Jr., Managing Director of the War Finance Corporation, the organization that has been authorized by Congress to make loans, not only to promote our export trade but also to facilitate the orderly marketing of our staple agricultural products in this country.

"One of the difficulties in the present situation," says Mr. Meyer, "is the fact that retailers, wholesalers and manufacturers are now conducting their business on what might be termed a hand-to-mouth basis, each carrying the lowest possible stock of goods. The direct result has been to throw back upon the producers and the country banks that finance them the raw materials which normally are carried by mills, wholesalers, jobbers and retailers. Growers of wheat, cotton and other producers, unable to market their products as rapidly as formerly have been compelled to hold them for a longer period than usual.

"To meet the situation, and also the situation brought about by the failure of foreign merchants and manufacturers to purchase their requirements for the year in the period immediately following the harvesting of our crops, as in normal times they were accustomed to do, it became necessary to provide additional financing for carrying the products until they could be marketed in an orderly way.

Advances to Producers.

"The War Finance Corporation has been able to give substantial aid by making advances to various associations of producers of cotton, wheat and other commodities, as well as to banking institutions and exporters, and it will be in position, under the Agricultural Relief Bill just enacted by Congress, to render even more effective assistance.

"If the business men of America would resume the carrying of normal stocks, the load forced back upon the producers would be more generally distributed, resulting in a freer circulation of business and a greater buying power on the part of our agricultural population.

"Undue lack of confidence is just as detrimental as reckless over-confidence, and the present ... levels warrant greater confidence than exists today. At the present time, no other single thing would contribute more to the restoration of business to a sound and conservative manner than the carrying of normal stocks in proportion to probable demand. The worst stage of agricultural and business depression has been reached. The ...

What other light car, four or six, offers so much quality at so low a price? In performance, appearance, comfort and durability it challenges comparison with cars costing hundreds of dollars more.

The most expensive cars show no finer engineering design than is afforded by the sturdy Cleveland Six, and its perfect balance and long, low underslung spring suspension give riding comfort that is rarely found even in cars of twice its weight.

The powerful Cleveland Six motor is instantly responsive and pliant. It is off like a flash in the getaway, throttles down to a creep in traffic, and takes the long, hard pull eagerly, without strain or effort. This remarkable motor, most advanced of the overhead valve type, is built in the Cleveland Six plant and can not be had in any other car.

No car offering comparable service rivals the Cleveland in operating economy. The trim, clean-cut, graceful lines, its beautiful, lustrous finish and genuine leather upholstery, win admiration everywhere.

OBERLIN

NOAH HUCKINS BUSINESS MAN, DIES SUDDENLY

OBERLIN—Noah Huckins died suddenly about 9 o'clock Monday night at the Huckins summer home at Mittiwanga.

Mr. Huckins was a senior partner in the firm of Huckins & Huckins, and has been one of Oberlin's leading business men for over thirty years. Mr. Huckins would have been 82 years of age in December, was a veteran of the Civil war, although in service but a short time, and he was on duty at Johnson's Island. Before coming to Oberlin Mr. Huckins was in business at Wellington. Moving to this place he formed a partnership with O. F. Carter. The latter was county treasurer at one time and held a number of offices in Oberlin, including that of mayor. Mr. Carter sold his interest in the hardware business of Carter & Huckins to Henry Wangerein. The latter, after a short time, sold out to Mr. Huckins' son, Howard, and the firm has ever since been known as Huckins & Huckins.

The funeral will be held Thursday afternoon at 2 o'clock from the house, 117 Elm street, and the burial will be at Wellington.

Mr. Huckins' death was due to heart failure, and, although sudden, was not entirely unexpected, as Mr. Huckins has been experiencing serious trouble with this disease for the last year.

Mr. Huckins leaves one son, who is the partner in the business here.

Mr. Huckins, in his over thirty years' residence in Oberlin, has always been active in all those improvements which were for the betterment of the community in which he lived, and he leaves a host of friends here who mourn his death.

"Hypnotic Slave" Who Sues Man as Jilt

Miss Waleria Josefowska

"My women must be slaves, for I am one in a thousand." This sort of egotism served Stanislaus Cichocki so well in his acquaintance with Miss Waleria Josefowska, of New York, that it worked a veritable hypnotism upon her, according to a statement made by the young woman in connection with her suit against him for $25,000 for breach of promise. "Yes, that was his cruel philosophy about women," she continued. "He was a turbulence in my life for five years, and for four of those years I gave him ten dollars a week. He always promised to pay back the money, but he never did. I believe I gave him fully $10,000 in that time. All this time he was going with other girls, too. Then, in November, he got married."

No Other Car Like the Chandler At Anything Like the Price

The Chandler Six has always been distinguished by its high quality and its low price. Today it is back to the 1913 price and it is a larger, finer car than ever before. Now as in 1913 both the car and the price defy comparison.

Eight years of constant refinement on the original chassis, backed by the investment of millions of dollars, have put the Chandler in the unassailable position it holds today. It is a most highly perfected automobile with a marvelous and world-famous motor and its price is far below anything that could even be compared with it.

Over 100,000 owners know the excellence of Chandler service. They know its never-failing, economical performance, its sturdy strength, its roominess and exceptional riding comfort even on the roughest roads.

Among the seven beautiful types of bodies mounted on the standard Chandler chassis you will find one that completely meets your requirements. Free from the freakish or extreme, they offer all the elements of style and quality found in the highest priced cars. They are beautiful in design and finish and luxurious in upholstery and appointment.

WELLINGTON

ROAD IMPROVEMENT WAS STARTED MONDAY

WELLINGTON—Monday morning work was started on the road from the end of the corporation line on North Main street to the beginning of the good roads leading to Pittsfield. The stretch is a mile long and for many years has been a rough riding spot for autoists.

It is understood that the state will try to complete the stretch in about ten days' time. Two eight hour shifts are at work, the first starting at 7 a. m. and working until 2 p. m. and the second starting at 11 and working until 7.

With the completion of this road two main roads leading to Wellington, the North and East roads will be excellent. The West road is good for 2 1-2 miles only, and it is reported that the south road may be repaired this fall.

BOOTLEGGER GETS $100 BOY, DRUNK, ALSO FINED

WELLINGTON—Mayor Wells had his first bootlegging case in months, Monday morning. A member of the Big Four interlocking gang, called "Slim," obtained some raisin-jack from a stranger, Saturday evening, and passed a pint of it along. The party receiving it was a minor and was locked up on a charge of drunkenness. "Slim" was fined $100 and the minor $5.

LaGRANGE HIGH PLAYS HERE SATURDAY AFTERNOON

WELLINGTON—LaGrange high school football team will be here Saturday to tackle the local team. Both teams are predicting a victory but it is too early in the season to state which is the better team. A good crowd of rooters will help a lot, so get out and see the game.

MISS GARRETT ACCEPTS STEPHENS COLLEGE POSITION

WELLINGTON—The many friends of Miss Jeannette Garrett will be interested to learn that she has accepted an appointment in the home economic department of Stephens college at Columbia, Mo.

Miss Garrett has taught home economics in our local school for five years. Her record here was excellent, and her host of friends are wishing her success in her new enterprise.

EX-PREMIER WEDS

LONDON, Sept. 14—Ex-Premier Venizelos of Greece was married at the St. Pancras registry office here today to Miss Helena Schilizzi. They were friends of long standing. The groom gave his age as 57 and the bride as 47. It was reported that the couple might spend their honeymoon in the United States. M. Venizelos later confirmed the report of an American honeymoon, saying that he and his bride would go to California.

PHILADELPHIA, Sept. 14—Mrs. Molla Bjurstedt Mallory, national champion, Miss Eleanora Sears, Mrs. Molly Thayer, Miss Ceres Baker, Miss Edith Sigourney and Miss Martha Bayard were leading players in the field of winners that started second round matches here today in the women's middle states tennis tourney.

$12,000,000 SECURED FROM LUXURY TAX DODGERS

WASHINGTON, Sept. 14—Commissioner Blair of the Internal Revenue Bureau announced today that his "flying squads" of revenue agents had brought $12,000,000 more into the treasury from tax evaders. Blair said this amount is only a small part of the sum out of which the government has been defrauded by dealers in luxuries.

Mrs. Roscoe Arbuckle, wife of the accused comedian, known on the stage as Minta Durfee, will stand by her husband in his present trouble. She has wired the film comedian that she was ready to go to him and aid him in any way possible. She and Arbuckle were not divorced, but entered a legal separation several years ago.

BELDEN

BELDEN—The community circle will be entertained at the home of Mrs. Edward Killip, Thursday afternoon.

Ruth Rogers is leading school at Lakewood.

Mr. and Mrs. Dent Wilkins was an over Sunday guest of his brother at Unionville, O.

Two comrades in the Civil war visited Chapin Banister last week. He had not met them since they were discharged from the army.

Mr. and Mrs. Meyers and children of Elyria and guest of her brother, Dent Wilkins, Sunday.

Mrs. Chas. Wise gave a party in honor of her mother, Mrs. E. Versoy.

Our school began Tuesday with Miss Clark and Miss Gides as the teachers.

Raymond Pomeroy has a new Ford.

A daughter was born to Mr. and Mrs. Ford Passmore at Memorial hospital last week.

Mrs. C. J. Fiess, of South Maple street, reports that her raspberry bushes are producing a second crop of very fine fruit. The rains and continued good weather are responsible for the second crop.

OHIO BULLETINS SHOW SHORTAGE OF CROPS

The average condition of crops in this and adjoining counties has been figured out by the State Board of Agriculture, and shows a falling off in the wheat crop, and a fluctuation in other crops.

In 1920 the average yield of wheat was 16 bushels to the acre, and this year it was but 12. In Huron county last year it was 15 bushels and this year 12. In Erie county, 14 last year and this year 13.

Corn predictions are for a large crop and is now up to 84 per cent throughout the state. Lorain county with a per centage of 101 leads the state. Huron county comes next with 100 and Erie county has 89. Oats were also better than expected, the per centage being 66, while Huron county has but 58 and Erie is up to 70 per cent.

The potato crop estimates are for Lorain county, 65 per cent; Huron county, 52, and Erie county, 46.

The hay crop is about the same as last year. Potatoes throughout the state will be but little over half a crop, and oats will be but one-half a crop. The apple crop will be but 39 per cent of normal, some districts having been hit hard by frosts and cold rains.

"FATTY" AND THE COOLER

Roscoe ("Fatty") Arbuckle, who is being held pending further investigation for the death of Miss Virginia Rappe, motion picture actress. Miss Rappe is alleged to have died as the result of injuries received in a hotel suite in San Francisco, following a "booze" party. The above photograph was taken when the comedian was in Chicago during a hot spell.

Over Heard In Ohio

COLUMBUS—Enrollment in the Columbus public schools totals 32,795 boys in the minority.

ST. CLAIRSVILLE—The Belmont county fair, to be held here today, Wednesday, Thursday and Friday, has taken out rain insurance. If one-tenth of an inch of rain falls between 6 a. m. and 4 p. m. during a fair day, the insurance company will pay $1,000 to the fair board.

MARTINS FERRY—The new state law requiring children who have not completed the eighth grade to attend school until they are 18 is causing some families to move to Wheeling W. Va., just across the Ohio river. One family in which there were two boys of 16 who were in the sixth grade moved to Wheeling so the boys could continue to work during the period when other members of the family are idle, due to the industrial slump.

YORKVILLE—Schools here ran on the half day session plan last week. Inability to erect portable buildings in time to have them ready for the start of school necessitated this action, due to excessive enrollment. An abandoned school building is to be used all year, one erected during the war being far too small.

BELLAIRE—Mrs. Alice Kehr and daughter, Nellie, 16, died of burns sustained when a gasoline stove exploded while its tank was being filled. The stove was being used when the explosion occurred. Walter Kehr, 11, son of Mrs. Kehr, is recovering.

GRATEFUL WOMEN.

Gratitude and appreciation for health restored by that good old fashioned root and herb medicine, Lydia E. Pinkham's Vegetable Compound, is what prompts so many women from all parts of the country to write to the Lydia E. Pinkham Medicine Co. of Lynn Mass., the letters of praise which we publish from time to time. Women who have always had their health cannot realize what it means to others, many of whom have suffered months and even years from such ailments, and are now well and happy through the use of this natural restorative, Lydia E. Pinkham's Vegetable Compound.—Adv.

W. C. FISHER MOVES TO TOLEDO PLANT

W. S. Fisher, head of the engineering department of the Willys-Overland plant in this city, is about to remove his office to Toledo, and according to reports may take one or two assistants with him. Mr. Fisher will be in the engineering department as an aid to H. C. Baldwin, the chief engineer of the Willys-Overland Co.

Clarence E. Kittinger, assistant to Vice President Charles B. Wilson, visited this city yesterday and attended a conference at the plant with the officials and heads of departments.

ST. CLAIRSVILLE—Several women have been arrested and brought here by representatives of the state to answer to charges of practicing midwifery illegally. They are residents of foreign colonies in mining towns.

Y. W. CONFERENCE FRIDAY AND SATURDAY

The Federation of the Y. W. C. A. held their weekly meeting at the gym of the Y. W., last night when plans were discussed for the Fall and Winter work. Miss Charlotte Washburn, the new Associate Secretary was introduced by Mrs. H. C. Stevens and was given a very cordial and enthusiastic ovation by the girls.

The annual setting-up conference is to be held at Linwood on Saturday and Sunday of this week and every member of the Federation is urged to attend this conference as all the Winter work will be discussed. A rousing good time is planned which includes a big wiener roast.

All girls wishing to go to Conference, who have not already registered, register with Mrs. Ely at the Y. W. C. A. not later than Thursday evening.

HAMILTON PARENT-TEACHERS WILL MEET TOMORROW

The Hamilton Parent-Teachers meeting will be held at the school at 3:15. Prof. Shelton will address the meeting. This is the first meeting of the season.

Mrs. R. E. Doot and Mrs. J. P. Annas of Columbus street, attended a dinner party given at the Hotel Statler Monday by Mrs. Don H. Bryant of Lakewood.

Service Ladies Go to Cleveland

Those from Elyria who attended the Service Star Legion convention in Cleveland yesterday were, Mrs. Riley, Mrs. Guenin, Mrs. Landers, Mrs. Elmes and Mrs. Monroe.

Upon their arrival in the city in the morning they went to Hotel Statler, the headquarters of the Service Star Legion convention. The national president of the organization was in the chair and opened the meeting and introduced Mrs. Jacobi, president of the Cleveland organization, who gave an address of welcome to all the delegates to the convention. A representative of Mayor Fitzgerold then welcomed them on behalf of the Mayor. A representative of the Cleveland Chamber of Commerce also gave an address of welcome.

Mr. Gardner Abbott, chairman of the Cuyahoga council of the American Legion then addressed the ladies. He first commended the American Legion for the good work which they were carrying on and which had been started by their fathers and grandfathers at the close of the Civil war. He further said that the American Legion would always be with the Service Star Legion. He further continued by giving a description of the heroic action of the second division at Chatteau-Theirry when seven soldiers saved the day. He stated that the Service Star Legion was the first patriotic organization to be founded during the war, being started even before the American Legion.

After dinner the delegates were taken in fifty-five automobiles for a drive through Gordon park and Liberty Row where little oak trees have been planted, each bearing the name of one of Cleveland's deceased soldiers. Friends and relatives of the soldiers had placed flowers and a flag under each tree. After the drive the ladies all assembled in front of the Arts Museum in Wade Park for the memory service in courtesy of the Service Star Legion and in honor of the Gold Star mothers planned under the direction of Harper Garcon Smythe. There was an address by Mrs. Margaret M. Norris, chairman of the Gold Star division and the recessional was sung by a group of school children. The service closed with the singing of the Star Spangled Banner.

W. C. T. U. TO ENTERTAIN COUNTY INFIRMARY INMATES

The Elyria W. C. T. U. is planning to unite with the Lorain County W. C. T. U., Wednesday, September 21st in entertaining the inmates of the County Infirmary. Members are requested to notify those in charge whether they are intending to go. Those in the east side division report to Mrs. A. C. Martin, those in the middle division report to Mrs. S. H. Strickler and those in the west side division to Mrs. E. E. Reed.

This will also be a flower mission day and each member is asked to bring flowers as well as enough sandwiches for two or three and one large dish.

Y. W. HAS MANY CALLS FOR WORK

Many calls have been coming in to the Y. W. C. A. by people wishing work, some wanting sewing, cleaning and dusting and others wanting practical nursing. Anyone desiring service of this kind can find out particulars by calling the Y. M. C. A. office. 2158

MINARD LOZIER TO SING SUNDAY NIGHT AT CHURCH

That the First Congregational people attending the Home-coming social Thursday evening, following the vacation season have a rare treat in store for them in the singing of Minard Lozier, of Pittsburgh, is the opinion of many of those who have heard Mr. Lozier sing. Mr. Lozier, brother of Chas. Lozier, is on a visit to the latter's home on Washington avenue. He has won an enviable name as church singer and soloist in New York and Pittsburgh musical circles. Mrs. A. F. Terry will play his accompaniment.

It will be remembered that the occasion is also, by action of the church, a complimentary farewell to Miss Marie Mueller to which all of the parish, both its older and younger members are cordially invited.

LADIES OF M. E. CHURCH HEAR MISS CAWRSE

There was a large attendance at the meeting of the Women's Home Missionary society of the M. E. church held in the church yesterday afternoon. This was the first meeting of the fall.

Miss Elizabeth Cawrse who has recently returned from Europe and England, where she visited relatives and the battlefields of France and Belgium, addressed the society describing many of the things she had seen. She was present when the king and queen of Belgium decorated the graves of the unknown dead in London. She spoke of the economic conditions in Belgium particularly. She visited Arras and other towns where some of the main battles were fought and many of the dug-outs built and occupied by the Germans.

PARTIES MARK PRE-NUPTIAL WEEK FOR MISS MAUD LYNCH

Among the pre-nuptial affairs being given in honor of Miss Maud Lynch and Percy Craine, who are to be married tomorrow morning in St. Mary's parish home, was a dinner party last night at which Mrs. J. J. Banville, of Laundon street, was hostess. Covers were laid for six.

Last Monday Miss Mary Colgan, of 360 Furnace street, entertained Miss Lynch with a silver shower. Twelve of Miss Lynch's friends were present. The evening was spent playing cards. The color scheme of the table decorations at which a dainty luncheon was served was yellow and white, small yellow and white baskets being used as favors.

BLUE MOON CLUB HOLDS FIRST FALL MEETING

The Blue Moon Club opened the season of 1921-22 last evening at Harold Porter's on 15th street. Those present were Alfred Brouse, Sherwood Bryan, Eddie Calman, Clifford Daniels, L. Guthman, Max well Chase, Howard Hicks, Howard Hogan, Nelson Krugman, Homer Landon, Henry Kopsky, Caselton Penfound, Harold Porter, and Ralph Rogers.

IRVIN FULLMER MARRIES MISS BATE, OF GARRETTSVILLE

Mr. and Mrs. Martin Fullmer and family of East avenue, motored to Garrettsville this morning to attend the wedding of their son Irvin to Miss Dorothy Bate, daughter of Mr. and Mrs. R. H. Bate, of Garrettsville.

After the ceremony the couple will leave for Washington, D. C., where they will make their future home.

Mr. Fullmer is a graduate of the Elyria High school and Case School of Applied Science.

Miss Bate is a graduate of Cleveland High school and a student of Oberlin.

RELATIVES GATHER TO HONOR BIRTHDAY

Relatives from Medina, Litchfield and Elyria, gathered at the home of Mr. H. H. Foskett on Sunday, the occasion being Mr. Foskett's birthday.

After a sumptuous dinner served complete in every way, the rest of the day was spent in visiting and music, which ended all to quickly for those present, and the hour was late when all there voted both Mr. and Mrs. Foskett to be royal entertainers and departed for their respective homes.

EXCHANGE CLUB HEARS T. D. WELCH

The Exchange club held its regular meeting at the Chamber of Commerce yesterday noon and received three new members who were given a hearty welcome. The members were addressed by T. D. Welch, of the Exide battery. He explained the construction of batteries, the various kinds, their use, and answered many questions that were put to him. Next week the club will be addressed by Attorney F. M. Stetson.

ELYRIA AUDUBON BIRD CLUB ADJOURNS MEETING

The Elyria Audubon Bird Club, which met last night in the Lorain County Bank building, adjourned their meeting so that the members could attend the meeting at the High school auditorium. No business was transacted. The next meeting will take place the second Tuesday in October.

DAUGHTERS OF SCOTLAND WILL MEET TOMORROW

Argyle Lodge, Daughters of Scotland, will hold its regular meeting tomorrow night in Wurst Hall at 7:30. All members are requested to be present.

For Chafing, Rashes and all Skin Soreness of Infants, Children & Adults.

It combines six healing, antiseptic, disinfecting ingredients not found in ordinary talcum powders.

By the Royal Marriage Act the Prince of Wales may now—being over twenty-five years of age—marry without the consent of the King. In that case, however he would have to give notice of his intention to the Privy Council twelve months before the date of the ceremony. Even then the marriage would only be in order legally so long as both houses of Parliament did not disapprove of it.

ysiology lesson, now—how the
y juices respond when the food
roughly chewed—and the first
ant step in digestion is taken.

Life-Giving Properties

at and malted barley are richest of all grains in the food elements required for human use. In Grape-Nuts all the essentials provided by nature in these grains are retained and perfected. The long, slow baking process which produces Grape-Nuts turns the grain's starches into natural sweetness and breaks up the nutritive solids into forms easily assimilated by the body.

The exceptional nourishment from Grape-Nuts is secured with no tax upon the digestion.

Penalties for Mistakes

When the doctor, as the mechanical expert of the bodily machine, comes to give advice in case of trouble, he finds that harm as well as good, often has resulted from food.

"Starchy" foods have been the subject of many warnings. Food which passes too slowly through the digestive tract causes disturbances to which much of the slowing down, wearing out, and failure of the bodily machine is traced.

A characteristic of Grape-Nuts is that it digests quickly and completely—without fermentation in the intestines.

A World Service

There is, therefore, a reason why, throughout the world, Grape-Nuts has steadily grown in favor these many years, as a food for fitness, as well as charm to taste.

You can apply that reason to your own benefit.

Ready to eat from the package, always crisp, naturally sweet—served with cream or milk and a little sugar if desired—Grape-Nuts is an ideal dish for breakfast or lunch.

"There's a Reason" *for* Grape-Nuts

ELYRIA HIGH HAS MANY BUT AS FOOT BALL CANDIDATES

Elyria High is practicing faithfully for the coming foot ball season, and expect when the whistle blows they will have a light but fast team that is expected to give a good account of themselves.

Coach Peabody states that eighty-six men signed up for a try for the team, and that thus far 40 have reported for practice. There are but three of last year's letter men who can be relied on this year. They are Fenfound, Guthman and Oldfield. Those who were on the second team and are candidates this year are Dangerfield, Houserman, Beal, Renouard, Hengartner, Botamer, Stevens and Forbes. Of the new men who are showing well this year are Wolfe, Scott and Barton. The field is so large that the coach declares he is not ready to pick any of his men, and states that he will have to work hard to get them into shape. Much depends on the team itself, who will have to strictly ahere to training rules if they expect to have a winning team.

The fooball season starts September 24 when they are scheduled to play Wellington high. The schedule calls for nine games and is as follows:

Sept. 24—Wellington High at Wellington.
Oct. 1—Bellvue High at Elyria.
Oct. 8—Steele High at Dayton.
Oct. 15—Akron South High at Elyria.
October 22. Sandusky High at Sandusky.
Oct. 29—Oberlin High at Elyria.
Nov. 5—Norwalk High at Elyria.
Nov. 12—Fremont High at Fremont.
Nov. 19—Lorain High at Lorain

TAGGING THE BASES

Little Dick Kerr, pitching for Chicago, reduced the Yankee lead over Cleveland to half a game when he gave up but five hits.

Hooper was the hero of the Sox-Ya— game. He got two homers a— single and scored four runs. —veland trimmed the A's in a free hitting contest, bumping Moore and Freeman in timely fashion.

The Cubs used Keen, a Philadelphia sand-lotter against the Phillies who bumped him for a goal.

Carlson held the Braves safe and the Pirates helped him out with two fast double plays by Cutshaw, Grimm and Maranville.

Timely hitting by Jones and Heilman, coupled with Dutch Leonard's fine pitching gave the Tigers a victory at Boston.

The Browns strengthened their hold on third place when Shocker gave up but six hits to the Senators.

The Giants managed to nose out the Reds in 12 innings.

PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us

Good digestion means good health; bad digestion means bad health.

A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present day diseases, and has for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an over-worked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why you develop acidosis, which brings on so many complications such as rheumatism, hardening of the arteries, high blood pressure and other conditions, which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes. Since it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

If you are not fit as a fiddle in the morning; if you don't feel better when you went to bed; if your tongue is offensive; and we have bad taste in the mouth; nature's danger signals for us [illegible] to neglect the [illegible] that is [illegible]

Tanlac and Tanlac Vegetable Pills are [illegible] Adolphus Hart people have learned that it probably provides the surest, safest, and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results.

Tens of thousands of men and women of all ages and in all walks of life afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse have testified publicly that they have been fully restored to their normal health, strength and weight by its use. Still others who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terribly dejected, depressed feelings state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by Tanlac.

NOTE: Tanlac Vegetable Pills are an essental and vitally important part of the Tanlac Treatment wherever constipation is present.

You cannot hope to get satisfactory results from the Tanlac Treatment without first establishing a free and regular movement of the bowels. It stands to reason that no treatment can do the greatest amount of good when you are suffering from constipation or biliousness, or when your system is clogged up with waste products and poisons.

RUSSIAN REDS CUT OFF ARM OF JEWISH BOY REFUGEE

That Bolshevik soldiers cut off his left arm is the story told by this Jewish boy refugee from the Ukraine. He arrived in London recently with a large party of war orphans, who are being sent to new homes in South Africa by the Emigration committee of the Ukrainian Jews in London.

ODD FELLOWS WIN OBERLIN CHAMPIONSHIP

OBERLIN—In the final game of the season between the Odd Fellows and the Tigers, the Odd Fellows took the game by a score of 4 to 0, and thereby won the championship of the Class A League in Oberlin. This gives them the silver loving cup presented by the Oberlin News, also the championship pennant presented by the Recreation league. The game was an interesting one and not as one-sided as the score would indicate.

Wheeler, for the Odd Fellows, pitched a good game but was frequently in trouble as the Tigers persisted in getting men on bases with but few down. In the first inning they filled the bases with but one down, yet failed to score. In last inning Wheeler put the finishing touch on the season's work by fanning three men in a row. Bryant, Wheeler and Papworth each batted 500. Bryant making two two-base hits.

Herrington pitched a good game, holding the Odd Fellows to 7 hits and striking out 7 men. Wheeler struck out 8. Each batter gave three bases on balls. The Odd Felows made two double plays and the Tigers one.

The following is the box score and summary:

Over Heard In Ohio

COLUMBUS — J. B. Conrade, Marion, has passed the examination, conducted by the State Civil Service Commission, of applicants for the superintendency of the Boy's Industrial School, Lancaster.

COLUMBUS—Newly chosen officers of the Music Merchants' Association of Ohio, in session at the Southern hotel here are: president Fred N. Goosman, Toledo; vice-president, J. P. Smith, Akron; secretary (re-elected), Rexford C. Hyer, Cleveland; treasurer, Otto C. Muehlhauser, Cleveland.

COLUMBUS — That sickness produces poverty and poverty, in turn, produces more sickness—thereby, creating a vicious circle—is the declaration made by Fred C. Croxton, addressing a delegation of Ohio Health Commissioners here.

COLUMBUS—Voluntary action by Ohio's motion picture theater owners in refusing to show "Fatty" Arbuckle pictures has made it unnecessary for the State Censorship Department to take any action. This is the Statement made by State Director of Education Riegel.

COLUMBUS—A man giving the name of Frank Dickey, 24, Akron, was arrested when caught, it is claimed, trying to make away with two glass panels, taken off an auto belonging to Major W. S. Pealer, formerly of Mansfield, now a practicing attorney here.

COLUMBUS—Although he declares he is innocent, police expressed belief that Robert Franklin, 2, local rubber worker, under arrest here, killed Russel H. Crute interurban traction car conductor, who was fatally shot when held up and robbed of about $50 by a highwayman near the storage dam Friday night. Announcement was made that the police will endeavor to obtain a confession from Franklin today.

COLUMBUS—The annual session of the executive committee of the Ohio Woman's Federation for Social Health, opening here this afternoon, will be addressed by State Director of Welfare, MacAveal and Walter B. Bliss, of the Department of Education. State Health Director Snively will preside.

COLUMBUS — West Virginia coal operators have joined the railroads in the appeal in federal court here against the Interstate Commerce Commission order, and asking that the rates on coal shipments from Ohio coal mines be increased 16 cents per ton. Taking the witness stand there operators testified that unless inter-state rates on Ohio Coal shipments are placed on an equality with the state rates the Ohio coal operators will have an advantage over them.

"Hamlet" is the longest of Shakespeare's plays, with 3,930 lines, and the "Comedy of Errors" the shortest, with 1,777 lines.

ANOTHER PROOF OF THE QUALITY

Recently a former United States Army Aviator making flights from Oberlin, Wellington and New London tested several gasolines for use in his airpane. He selected

SPEEDWAY GASOLINE

for his exhibition flights. The motor worked perfectly with it under most trying conditions.

In New London this aviator found that SPEEDWAY GASOLINE could not be bought and rather than risk a flight with ordinary gasoline it was brought fifteen miles from a neighboring town in milk cans.

It costs a little more by the gallon but less by the mile.

THE SPEED MANIA

Periodically the speed mania seems to affect certain people. Accidents, arrests and fines follow. People become angry when arrested and fined. Usually they maintain they were not speeding. Many are absolutely conscientious in this, and they feel that they were going so much faster at some other time, that they cannot understand why they were arrested when they were doing what to them was a slow pace.

Few accidents occur to pedestrians out in the open country. They are hit inside of the city limits, where they assumed that the drivers of automobiles were obeying the laws.

People are not arrested because the officer delights in that kind of service. They are not fined because the mayor of any city enjoys, or is pleased over meeting the folks in that predicament. The reason the law was passed and is enforced, is for the protection of life and limb.

Drivers of automobiles over the city should have the safety of others in their mind. If they did this they would drive with such care as to have the machine constantly under control, when there would be no trouble.

It is as easy to drive, obeying the rules of the road, as it is to drive any other way. Proper signal should be given when slowing down and when about to turn, and other rules relating to speed and of keeping to the right should be constantly in mind.

We know how people feel who have been arrested for speeding. We have been there. We have experienced it when we felt that the officers were amply justified in taking action. We also went through the experience when we felt they were not justified. But even in this case we know that we exceeded slightly the limit. We remember asking the court on that particular occasion if he had not come as fast in his automobile that morning to court as we had run, and he replied, "I am not on trial." We felt that in that particular case we were careful and the officer was wrong, but we forgave him, and we were glad when we learned the facts, that they were taking such care of speedsters in their city. Our little children had been killed by a speed man a few days before, and we felt after all that in view of the fact that we had exceeded the limit, we had rather have the mayor on the side of the protection of the public than to fail in the other direction.

Let's help the officers and the officials to enforce the laws to make the city safe by doing our part.

The Poll Tax Amendment

We believe that the poll tax has no defence. As a revenue producer it will be very small, unless it becomes very unjust. The idea is to place a tax upon every voter of an equal amount, which he must pay as a condition, reality, of his exercising the right of franchise.. This harks back to the time when property was the basis of citizenship. It endeavors to place the burdens of taxation upon the people not in proportion as they are able to bear it, but equally upon them all, regardless of the difference in their financial ability. For example, if the tax should be made five dollars per capita, it would be a family of four voters twenty dollars. There might be only one wage earner in the home. He might be making twenty dollars per week. It would take him, therefore, one of the fifty-two weeks to work for the privilege of having him and the rest of his family cast their votes. On the other hand a man receiving twenty-five thousand dollars a year has four in his family. They would pay the same poll tax. It is a mere bagatelle to him. Voting for the poor man under such circumstances would be too expensive; maybe he would conclude that he would rather eat than vote. It is a wrong basis of voting. It is a wrong theory of citizenship. Character and not clay should be the foundation for citizenship and for voting.

The burdens of taxation must be laid upon people in proportion to their ability to bear the burden, in proportion to their income, and not in indirect proportion to their influence which they can bring at Columbus for particular legislation.

If the poll tax is made so small that it would not be a serious handicap to any individual there would still be the principle which would be wrong, and there would be no particular revenue produced. We hope that this amendment will be defeated.

Last year there were reported in the Rhine district [illegible] marriages to the number of 1178. More [illegible] were of our soldier boys to the [illegible] reported being 720.

Do You Enjoy Being a Renter?"

Every month the renter pays his toll to the landlord and the money so paid is gone forever.

Do you enjoy this sort of thing?

Why not own your home?

A moderate down payment will put you in possession of a home of your own and all succeeding payments will increase your equity.

Cooking the Lorain Way Demonstrated!

Approved by Domestic Science Experts

FRIDAY and SATURDAY we are giving a special whole meal cooking demonstration. We want to show you that you do not need to be cooped up in a hot kitchen in order to serve a complete meal that would be a credit to any chef. Baking, too will be done the LORAIN WAY, the Every-Day-Sure-Day-Way.

REMEMBER that your new Gas Ranges should last for many years. It must give the best service that can be given and that means you will insist on a Dangler-Lorain equipped stove. The best cooks know that it is just as important to regulate the oven heat when baking as it is to measure the flour, and it is just as easy when you own a Dangler-Lorain.

You may have one of these remarkable ranges placed in your kitchen for 30 DAYS FREE TRIAL and if it does not do all that is claimed for it, you may return the range without its costing you one cent.

Ask for the booklets we have for you.
